### 6<sup>th</sup> Year Study Skills Seminar

NUIG tutor Claire Commins visited our school on Monday November 19<sup>th</sup> and gave an Information Seminar on Study Skills. Students were very happy with this seminar and were given excellent advice and suggestions on how best to organize their learning and study in order to achieve their best in the Leaving Certificate and Fetac exams. Claire focused on various techniques and methods to improve study skills and highlighted various ways of time management and goal setting. She also covered learning styles and how to apply these for best learning, study and revision. We hope this will be of great benefit to our students as they study for their exams.

The TY class had a successful trip to Delphi Adventure Center in Co Mayo at the end of October 2007. The activities included surfing, absailing, high ropes etc. A great time was had by all.

November 2007

Congratulations to Karen Convey from TY who has won a free four day trip to Strasbourg as part of the [www.gradu8.ie](http://www.gradu8.ie) on line quiz presently being run in TY.
