Haiti Earthquake Relief Appeal 21 January 2010

Students of Form 7 along with their teacher, Ms Stokes organized a pyjama day in order to fundraise towards the Haiti Earthquake Relief Appeal. All funds raised are being donated to Sr Rose Kelly, a Sister of Jesus & Mary who is currently working in Haiti. Thus all the funds go directly to those in need. The total amount collected amounted to €1855.

Many thanks to all our students, their families and our staff who supported this worthy cause. And also thanks to the Form 7 pupils and Ms Stokes

Back Row L to R, Ms Stokes, Teacher, Mikaela Codyre, Patrycja Sadowska, Sitara Answar, Jovita Paulauskaite, Michelle Brosnan, Becky Malaba, Samantha O'Regan, Shauna Flanagan, Cliona Ni Neill, Principal
Front Row L to R: Emma O Sullivan, Sanita Hession, Lyndsey O Flaherty, Fernanda Frolova, Rebecca Dooley, Kayley Molloy

Information Seminar

HSE Dieticians visited TY Science Students for an information seminar on The Science of Healthy Eating! left to R

Carmel Baxter teacher, Andrea Hegarty & Rachel Ahearne from HSE with students, Anne Marie, Emma Gunning & Grace,

IBM School Business Partnership November 2009

During this visit they were able to witness first hand the many career opportunities that exist in the technology industry.

We look forward to this initiative with IBM and it is a wonderful opportunity for our students. This initiative is organized through **The Schools' Business**

Partnership <http://www.bitc.ie/>

and we thank them for their support in this programme

In bridging the gap between school and the workplace our 5th year students recently visited IBM in Dangan for a 'hands on' session on the use of Information Technology in the workplace.

IBM has joined with Presentation Secondary School for a new **Skills @ Work Programme** designed to teach senior cycle students about the world of work.

With this initiative IBM employees will give talks to senior cycle students on subjects ranging from a day in the life of employees, a company overview, CV Preparation and interview skills.

This programme involves IBM visiting and working with students in class and in return our students visiting these IBM employees in their workplace.

Orla Prendergast, Siobhán Dervin, Mary McMullin, teacher & Mary Kerian of IBM
