RTE Radio Broadcast
 A programme was broadcast on Radio Na Gaeltacht on October 3 2007: "Seo mo Sceal". Transition Year students participated in a radio project devised by Tomas Mac Con Iomaire, Director of Radio na Gaeltachta. He advised on direction and studio production of the thirty minute programme written by the students themselves. The programme is a collection of interviews, folklore and music by various guests whom the students pre-recorded in the Radio Na Gaeltachta studio entirely in Irish.
